CONTENTS

No. 1—January

PAGE

ISHII, TOSHIHARU, YASUHIRO HOSODA, NAOKI IKEGAMI and HIROYUKI SHIMADA. Senile amyloid deposition 1

HENRY, M. A., R. S. SWEET and J. D. TANGE. A new reproducible experimental model of analgesic nephropathy 23

JAO, WELLINGTON, JOSE R. MANALIGOD, LEO T. GERARDO and MANUEL M. CASTILLO. Myeloid bodies in drug-induced acute tubular necrosis 33

MCLAREN, K. M. and M. K. MACDONALD. Histological and ultrastructural studies of the human juxtaglomerular apparatus in benign and malignant hypertension . . 41

HENRY, M. A. and J. D. TANGE. Ultrastructural appearances of acute renal papillary lesions induced by aspirin 57

CHATELAIN, R. E., F. M. BUMPUS, C. L. CHERNICKY and C. M. FERRARIO. Differing patterns of altered glucocorticoid secretion in experimental malignant and benign hypertension. Influences upon the lymphoid system and on arterial connective tissue metabolism 69

COGHILL, S. B., D. HOPWOOD and G. MILNE. The uptake of horseradish peroxidase and its subsequent redistribution by guinea-pig gall bladder *in vivo* 89

No. 2—February

PAGE

SKINNER, J. M., L. R. JARVIS and R. WHITEHEAD. The cellular response to human colonic neoplasms: macrophage numbers 97

COGHILL, S. B., D. HOPWOOD, S. MCPHERSON and S. HISLOP. The ultrastructural localisation of De-Nol (colloidal tripotassium dicitrato-bismuthate—TDB) in the upper gastrointestinal tract of man and rodents following oral and instrumental administration 105

LAWRENCE, GILLIAN M. and D. B. BREWER. A morphometric, biochemical and histochemical comparison of puromycin aminonucleoside and hyperalbuminaemic induced proteinurias in the female Wistar rat 115

DEWEY, D. L., J. M. GAUGAS, M. R. L. STRATFORD and A. I. MINCHINTON. Differential toxicity of methylglyoxal-*bis*[guanylhydrazone] 141

MORRIS, CHRISTINE S. and A. E. STUART. The lectin binding affinity of Reed–Sternberg cells 151

HIND, C. R. K., GLENYS A. TENNENT, D. J. EVANS and M. B. PEPYS. Demonstration of amyloid A (AA) protein and amyloid P component (AP) in deposits of systemic amyloidosis associated with renal adenocarcinoma 159

BARBOUR, W. McA. and D. HOPWOOD. Uptake of cationized ferritin by colonic epithelium 167

KOUROUMALIS, E., D. HOPWOOD, P. E. ROSS, G. MILNE and I. A. D. BOUCHIER. Gallbladder epithelial acid hydrolases in human cholecystitis 179

HOWIE, A. J. and D. B. BREWER. Extra-tubular deposits of Tamm–Horsfall protein in renal allografts 193

REA, THOMAS H., R. B. NARAYANAN and J. L. TURK. Lysozyme and angiotensin converting enzyme levels in experimental mycobacterial granulomas . . . 207

WEINBREN, K. and S. S. MUTUM. Pathological aspects of cholangiocarcinoma . . . 217

No. 3—March

PAGE

VAN DER GAAG, R. D., A. C. M. TH. VAN MAARSSEVEEN, J. M. BROEKHUIZEN-DAVIES and J. STAM. Application of in-vitro techniques to determine proliferation in human sarcoid lymph nodes 239

CLARKE, BELINDA E., KATHRYN N. HAM, J. D. TANGE and G. B. RYAN. Origin of glomerular crescents in rabbit nephrotoxic nephritis 247

LINDSEY, N. J., M. S. NOLAN, D. N. SLATER, C. P. SAVAS, P. F. BOYLE, A. HEROLD, S. BECK and M. FOX. Rat pancreas allotransplantation: A short term comparison of rejection patterns with different methods of exocrine drainage 259

ADU, HANNAH O., J. L. TURK and JILL CURTIS. The histopathology of tissues in " resistant " and " susceptible " strains of mice infected with a moderate dose of *Mycobacterium lepraemurium* 275

McLAREN DIANE J., M. J. WORMS and P. W. ASKENASE. Cutaneous basophil associated resistance to ectoparasites (Ticks). Electron microscopy of *Rhipicephalus appendiculatus* larval feeding sites in actively sensitised guinea-pigs and recipients of immune serum 291

CREASY, DIANNE M., JOHN R. FOSTER and PAUL M. D. FOSTER. The morphological development of di-*n*-pentyl phthalate induced testicular atrophy in the rat . . 309

JUNGERY, M., D. J. McLAREN and B. M. OGILVIE. Functional abnormalities in the beige mouse eosinophil assessed using *T. spiralis* as a target 323

HARVEY, W. and P. L. AMLOT. Collagen production by human mesothelial cells *in vitro* . 337

BASKERVILLE, A., R. B. FITZGEORGE, M. BROSTER and P. HAMBLETON. Histopathology of experimental Legionnaires' disease in guinea-pigs, rhesus monkeys and marmosets 349

FELDMAN, DAVID L., STEPHEN F. GORFIEN and JOHN J. CHRISTIAN. An ACTH-induced renal glomerular lesion in the mouse: Immunofluorescence microscopy . . 363

HARTVEIT, F., R. SKJÆRVEN and B. O. MÆHLE. Prognosis in breast cancer patients with tumour cells in the efferent vessels of their axillary nodes 379

CHAMBERS, T. J. and N. N. ALI. Inhibition of osteoclastic motility by prostaglandins I_2, E_1, E_2 and 6-oxo-E_1 383

FASSBENDER, H. G. and MARLIESE SIMMLING-ANNEFELD. The potential aggressiveness of synovial tissue in rheumatoid arthritis 399

No. 4—April

PAGE

WALKER, N. I. and A. W. POUND. An autoradiographic study of the cell proliferation during involution of the rat pancreas 407

MCCLURE, J. The effect of diphosphonates on heterotopic ossification in regenerating achilles tendon of the mouse 419

PRIME, S. S., F. R. P. SIM and B. H. TOH. The behaviour of human ameloblastoma tissue in cell culture 431

VAN MAARSSEVEEN, A. C. M. TH., R. W. VELDHUIZEN, J. STAM, C. L. ALONS and H. MULLINK. A quantitative histomorphologic analysis of lymph node granulomas in sarcoidosis in relation to radiological stage I and II 441

SYNOPSES OF PAPERS, 145th Meeting of Pathological Society 455
